TO : Executive, CIA  
THRU : Management Officer  
FROM : Assistant Director for Reports and Estimates  
SUBJECT : Establishment of [REDACTED] Function in ORE. 25X1A8a

REFERENCE: Memo to Executive, CIA from AD/ORE, 6 April 1950,  
subject "Request for Increase in Table of Organization".  
Memo from Management Officer to AD/ORE, 20 April 1950,  
subject same as above.

1. Attached is the original proposal for the establishment of a small [REDACTED] unit in ORE. In view of 25X1A8a the unavailability of additional positions and budgetary limitations, it is the recommendation of this Office that one position, GS-15, be established in the OAD/ORE as "Advisor 25X1A8a on [REDACTED]". As the program is developed by this advisor, additional positions will be added as available from within ORE or from the Executive, CIA. Meanwhile, it is necessary that the function be initiated with the minimum expenditure of budgetary positions.

2. This position is to be established by deleting one GS-4 position from the [REDACTED] Northern Division, 25X1A8a ORE, and adding one GS-15 position to the OAD. The current budget presentation reflects this change.
